

Nov. 1, 2011-our meeting was called to order at 5:30PM at GCS. Our treasurer reported we have some extra money to buy needed items for our track club. We received \$1000 from NW Region. We discussed some ideas such as new clock (maybe a venture with MHCC) and batons, weights and measures scales, radios or walkie-talkies or multi timers with printout sheets.

Jim Schlewitz is working on our trifold membership folder for the year with meet dates. We discussed raising our fees to \$25 per year plus \$10 for spouses and would each get T-shirt for new members. It was tabled.

We discussed some speakers for our banquet and are looking into suggestions. We will also have a slate of officers to vote on and Linda Phillips and Don Kane will head this committee. We will also submit voting to the newsletter. Linda Phillips will be our most inspirational award recipient at the banquet.

Rose mentioned that USATF membership is only \$10 after Sept each year. She also mentioned Dan Bulkley being honored with a new track named after him at Southern Oregon College in Ashland. Marc mentioned and Laura 2nd to send \$100 to that project.

We will put the complete news in the newsletter and on the website.

We discussed our mini meet and will consider it next year. We also discussed bringing in new members and having a chance to win items in a drawing for doing so.

We voted to give Rose \$100 toward expenses at National meeting in St Louis Nov 30th.

We are now registered with federal 503C as a charitable organization. We are planning our meet for 2012 and hope to gain more \$50 sponsors. Will welcome 19-29 year old open competitors. We are working on athlete's information to go with Rose to the nationals.

Respectfully yours,
Laura Stepan -secretary
